The map shows a route starting at Hands On History Museum, heading east on S Church Side, turning left onto Market Place, then right onto Liberty Lane, left onto High Street, and finally right onto Chapel Lane Staith. A red circle and arrow point to a location on Market Place.

We recommend that your bus drops your groups off and collects you on Market Place – at the end of South Church side due to there being no through access down South Church Side because of the ongoing roadworks.
